

# ♥ HIGHER POWER VISION BOARD ♥

w/ Margaret M.

In this session, Margaret M will tell how she moves toward her HP and the spiritual awakenings that gave her the strength to take action. See how Margaret M uses images and symbols in a vision board to represent her Higher Power. You will be invited to consider who, what, or where your higher power is OR consider what you want in your HP. This method of collage generates positive feelings and motivates you to move toward your HP daily. Join to participate in the discussion or join ready to create along with the group.
